DEPENDENCY CORRECTION (DCOR)

The Free Application for Federal Student Aid (FAFSA) or Renewal FAFSA you completed, listed your status as an independent student for 2009-2010. However, the FAFSA information received indicates that you are a dependent student according to the **federal definition**.

We cannot evaluate your financial aid application until you correct your dependency status by providing **PARENT** information and required signatures on your FAFSA on the Web using your PIN number.

The Federal Student Aid Program Processing Center will reprocess your corrected application and will issue you a new Student Aid Report (SAR). If you have any questions, contact the Federal Processor (1-800-433-3243) or the Office of Financial Aid (850-644-5871).
