

## 2021-2022 Verification Worksheet-Independent

## What is verification?

Your FAFSA has been selected for verification by the U.S. Department of Education. Being selected for verification means that additional documentation must be submitted. The Office of Financial Aid will compare your FAFSA to the documentation you provide to us. Any differences will be noted and sent to the U.S. Department of Education for reprocessing. Financial aid program rules 34 CFR, Part 668, mandate the receipt and review of requested information. **This law requires that you provide all necessary documents to complete verification.** Failure to comply will result in non-payment of any potential federal aid. Please refer back to the instructions page for detail on how to submit the required supporting documentation.
